Brand New Book ***** Print on Demand *****.Excerpt from The State College of Washington Library Bulletin, Vol. 6: August, 1918 This bibliography is the sixth of a series of library bulletins published by the library of the State College of Washington during the past two years. It is offered as a further contribution to the nation-wide movement for conservation of all national resources. Our food bibliography, issued last March, has been received so favorably throughout the country that we hope this also will be of service. The appointment of Mr. John W. Scott, Chief of the Textile Division, by the War Industries Board, brings this phase of conservation very prominently to public attention, and we believe many will be interested in having a carefully prepared bibliography on this subject. The list has been prepared by the College Library and the College of Home Economics in cooperation. We are indebted to Miss Agnes H. Craig, Head of the College of Home Economics, and Director of Home Economics for the State of Washington, U.S Food Administration, for the valuable introduction which should be carefully read by those using the bibliography. We wish to express our appreciation to the compilers, Miss Swensen, and Miss Clatworthy, to the members of the library staff, and others for their cooperation in the preparation of this bibliography.
