paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Publisher: Aerospace Pub. Date :2007-01-01. This book is the National Undergraduate Electronic Design Contest Series one. National Undergraduate Electronic Design Contest for the characteristics of institutions of higher learning to meet the electronic information. communication. automation. electrical controls and other students in class to participate in the National Undergraduate Electronic Design Contest of the need. in the detailed analysis of the previous National Undergraduate Electronic Design Contest subject type and design requirements. based on the system introduced sensor circuit design. signal conditioning circuit design. circuit design. amplifiers. signal conversion circuit design. RF circuit design. motor control circuit design. measurement and display circuit design. power circuit design and monolithic data acquisition system circuit design. circuit design and description of each instance of the integrated circuit chips used in the main technical performance and characteristics of the chip package and pin functions. internal structure. working principle and application circuit and so on. This book is rich in content and practical. clear and concise narrative. good engineering practice. Institutions of higher learning can be used as electronic information. communication. automation. electrical controls and other students in class to participate in the National Undergraduate Electronic Design Contest of the training materials. but also as various types of electronic production. curriculum design and teaching graduate design reference books. as well as engineering personnel and production of electronic circuit design. electronic product design and production of reference books. Contents: Chapter 1. the sensor temperature sensor circuit design circuit design 1.1 1.2 1.3 Humidity sensor pressure sensor circuit design circuit design circuit design 1.4 1.5 magnetic field sensor circuit design level sensor ultrasonic sensor 1.6 1.7 speed sensor circuit design applications 1.8 Accelerometer circuit design...
