The United States Navy has fought on rivers at home and abroad throughout its proud history. In the War for Independence, daring American Sailors employed small boats--even row galleys--against the mighty warships of the Royal Navy operating on colonial waterways. In the War of 1812, hard-fighting U. S. naval units on the Mississippi River helped General Andrew Jackson defeat a major British assault on New Orleans. The only way the Navy could combat hostile Seminole Indians in the trackless expanse of the Florida Everglades during the 1830s was to embark armed Sailors and Marines in small boats that penetrated deep into enemy territory. U. S. naval expeditions up the Tabasco River were an important aspect of the Mexican War of 1846-1848. From the first days of the Civil War, Union and Confederate naval forces battled for control of the Mississippi, the most strategically vital river in North America. Employing ironclad warships in conjunction with U. S. Army troops, the Navys Mississipp Flotilla bombarded and then seized one Confederate fort after another. Admiral David G. Farragut earned lasting fame when forces under his command fought their way past the bastions guarding the mouths of the Mississippi and captured New Orleans, gateway to the American interior. Riverine units enabled Union General Ulysses S. Grant to envelope and ultimately compel the surrender of enemy forces besieged at Vicksburg. Loss of the Mississippi split the Confederacy and helped bring about its defeat. The early years of the 20th century found the Navy once again mounting river operations in support of U. S. foreign policy. Naval vessels provided gunfire support and transported troops and supplies on rivers in the Philippines to subdue Filipino rebels. For decades before World...
