MEDICAL CANNABIS FOR CHRONIC PAIN RELIEF: AMERICAN VETERANS FOR CANNABIS THERAPY (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.

This is a powerful book designed to bring forth social change for a more compassionate society. Proceeds from this book are being donated to house homeless Veterans and their families, as mentioned in the dedication. Tens of thousands of Veterans are already using cannabis as their medicine, either self medicating or obtained legally. Many Veterans want the same level of medical cannabis care that millions of Americans are now receiving. Medical cannabis care is not equal for Veterans, because cannabis medicine is not built into the nationwide V.A. system. As long as the cannabis plant is federally designated as a schedule 1 drug, the V.A. is restricted from integrating cannabis into their health care system. This is a complex issue for the V.A. and they are doing their best to work with this conflict. States where medical cannabis is still illegal create the most challenge for the V.A./medical cannabis interface. The Foreword was written by Al Byrne, Lieutenant Commander, United States Navy, retired. In his foreword he addresses, in detail, the issue of equal medical cannabis access for Veterans. Lieutenant Commander Byrne is the Co-founder and Director Emeritus of Patients Out of Time and Co-founder of Veterans for Medical Cannabis Access. Here is an overview of what you will learn in medical cannabis for chronic pain relief. 1 - Opioid Synergism with Cannabis, improving efficacy in pain management. 2 - Complications and Limitations of Opioid Therapy. 3 - Neurobiological Aspects of Medical Cannabis and Chronic Pain. 4 - Therapeutic uses of CBD, CBG, CBGA, CBCA, CBDA, and CBC. 5 - Contraindications of Cannabis Therapy. 6 - Pros and Cons of Cannabis as Medicine. 7 - Massage Therapy, Trigger Point Therapy and...
