COMFORT PROPERTIES OF FABRICS FOR WINTER SPORTSWEAR

Condition: New. Publisher/Verlag: VDM Verlag Dr. Müller | Thermophysiological and Sensorial Comfort of Knitted Fabrics for the Skin Layer of Winter Active Sportswear | Sportswear base layer provides an important function for physiological comfort. This book presents the investigation of base layer winter active sportswear fabrics with good comfort properties, made of natural and synthetic fibres and their blends. Polyester, wool and bamboo fibres were selected for this study. Polyester is the most common fibre used in sportswear, wool is...

Reviews

This ebook is definitely not simple to begin on reading but really enjoyable to read through. This really is for all who statte that there had not been a worth reading. You may like how the author publish this ebook.

This book may be really worth a read through, and a lot better than other. It is really basic but excitement inside the 50 % in the pdf. I realized this pdf from my dad and i encouraged this publication to learn.
