Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Black men suffer more than any other racial or sexual group in America. They have the lowest standards of living, shortest life expectancies, highest incarceration rates and suffer other sociological and economic ailments. However, for the past 50 years virtually NO PROGRESS has been made in improving the lives of black men. We have to admit what we ve been trying has failed and black men have paid the price. And it s time for that to change. Life is too short and too precious to live it under poverty, making only 67 of what white males do. Fathers and husbands are too important to be replaced by a government check, ruining families in the process. And futures too vital not to be lived to their full potential. If you re a black man and have had enough and want more out of life then The Black Man s Guide Out of Poverty is for you. Not just a book on personal financial management, The Black Man s Guide Out of Poverty is specifically tailored towards the plight of black men. It addresses the sociological, economic, and political forces that hold them down. It shows you the path out of poverty. It lays out the road map towards a better life. And makes sure your one and finite life is a happy, well-lived one. Demand a better life than what politicians and society PERMIT you to have. Buy The Black Man s Guide Out of Poverty and truly set yourself free.
