CAN YOU HEAR ME (HARDBACK)

Supposed Crimes, LLC, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. For the next two years, Colonel Noa Laurie - the sole survivor of a disaster which destroyed the International Space Station - will be orbiting Earth in an experimental craft called ODIE. Her mission: to clear away the treacherous minefield of space junk that has accumulated around the planet and endangers future missions. Her only lifeline during this mission will be the radio connecting her to the command center and whoever happens to be assigned to the communications desk. Or so she thinks. Because tucked away and almost forgotten in an Indiana woodshop is an antique radio. Its owner, Jamie Faris, occasionally uses it for eavesdropping on the truckers passing by on the highway. One day in the third month of Noa s mission, Jamie uses the radio to vent her frustrations by screaming into the ether. She screams and rages and curses into the thick static knowing it won t matter because no one will hear, but she s wrong. someone is definitely listening. And she s about to say hello.
