Henry Holt Company Inc, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. This is a refreshingly straightforward method for training infants to become great sleepers for life, inspired by clinical psychologist Janet Kennedy's popular psychotherapy practice, NYC Sleep Doctor. Cry it out or co-sleep? Bassinet or swing? White noise machine or Bach? How many hours anyway? For something so important, there's too much conflicting information about how best to get your baby to sleep through the night and nap successfully during the day. This book is a straightforward, no-nonsense answer to one of the biggest challenges new parents face when they welcome a brand new baby home. This book is written for exhausted parents, giving them immediate access to the information they need. Reassuring and easy to understand, Dr. Kennedy addresses head-on the fears and misinformation about the long-term effects of crying and takes a bold stand on controversial issues such as co-sleeping and attachment parenting. With polarizing figures and techniques dominating the marketplace and spawning misinformation across the internet - Dr. Kennedy's methods and practices create an extensively researched and parent-tested approach to sleep training that takes both babies and parents' needs into account to deliver good nights and days of sleep, and no small dose of peace of mind.
