About the Book: As modern day women, we tend to make our way through this world conquering one mounting chore after another. Yet there is a growing emptiness inside of us; a longing for more than our overflowing task lists can offer. Rather than face it, we put on a big smile, tell the world that everything s fine, and continue adding to our hectic schedules until we re too busy to notice and too numb to care. Sooner or later, those attempts to fill up the emptiness will lead to great pain, as author Kristi Grigsby attests. Betrayed, broken and nowhere left to run, she was touched by a God she didn t know existed and a love she had never known. Fill Me Up is Kristi s emotional true story that will lead you through your own journey of discovery, healing and true joy. You ll laugh, you ll cry, but most of all you will be touched...

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
