Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Bryant and Stratton s Commercial Arithmetic, Vol. 1 of 2: Designed for the Counting Room, Commercial and Agricultural Colleges, Normal and High Schools, Academies, and Universities Every book - and especially every text-book - should have a twofold reason for its existence: first, a want which it is designed to meet, and, secondly, an adaptedness to supply that want. A work which meets these conditions needs no apology for its appearance. The preparation of the present treatise was undertaken at the earnest solicitation of Messrs. Bryant and Stratton. Their intimate acquaintance with the wants of business students, resulting from an extensive experience in Commercial Instruction, revealed to them an urgent demand for such a work, and suggested its general plan. The Authors have also been engaged, many years, as teachers of Arithmetic and Commercial Calculations in the first schools and commercial colleges of the country, or in some of the most practical departments of business. The result of this experience is the conviction that a work presenting fully the applications of arithmetic to actual business, and...
