

High School Chemistry Handbook

By Dr. A. Carmichael

AuthorHouse. Paperback. Book Condition: New. Paperback. 156 pages. Dimensions: 8.9in. x 5.9in. x 0.6in. This handbook is written for any student between the ages of 15 and 19 studying Chemistry. Its content meets the core chemistry requirements of IGCSE, IBDP, A-Level and AP courses. The material will also help an undergraduate whose course requires a basic foundation in Chemistry. It offers an alternative, succinct perspective to enable students to understand key concepts and can be used as a concise reference resource or a review guide. Each topic contains comprehensive explanations supported by diagrams and worked examples. The final sections of the book hold useful reference material for experimental work and offer guidance on how to write laboratory reports. There is also a series of practice calculation questions with solutions. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

Extensive guide! Its such a excellent read. This can be for anyone who statte that there was not a worth looking at. I am just effortlessly will get a satisfaction of looking at a written publication.

-- **Melvin Hettinger**

This book will not be effortless to start on reading through but very exciting to learn. It is amongst the most remarkable book i have got go through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
