Reviews

The publication is fantastic and great. It can be rally exciting throgh reading period of time. I am just very happy to inform you that this is the greatest publication i actually have read in my very own daily life and could be he very best ebook for at any time.

(Prof. Alvis Wuckert)

COMPLEMENTATION: A CROSS-LINGUISTIC TYPOLOGY: A CROSS-LINGUISTIC TYPOLOGY (EXP.**DOWNLOAD**

OUP Oxford, UK, 2006. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. Available Now. Book Description: A complement clause is used instead of a noun phrase; for example one can say either I heard [the result] or I heard [that England beat France]. Languages differ in the grammatical properties of complement clauses, and the types of verbs which take them. Some languages lack a complement clause construction but instead employ other construction types to achieve similar ends; these are called complementation strategies. The book explores the variety of types of complementation found across the languages of the world, their grammatical properties and meanings. Detailed studies of particular languages, including Akkadian, Israeli, Jarawara, and Pennsylvania German, are framed by R. M. W. Dixon's introduction, which sets out the range of issues, and his conclusion, which draws together the evidence and the arguments. This book will interest scholars of typology, language universals, syntax, information structure, and language contact in departments of linguistics and anthropology, as well as advanced and graduate students taking courses in these subjects. : About the Author: R.M.W. Dixon is Professor and Director of the Research Centre for Linguistic Typology at La Trobe University. He has published grammars of a number of Australian languages (including Dyirbal and Yidi), in addition to A Grammar of Boumaa Fijian (University of Chicago Press 1988), A New Approach to English Grammar, on Semantic Principles (OUP 1991), revised as A Semantic Approach to English Grammar (OUP 2005), and The Jarawara Language of Southern Amazonia (Oxford UP 2004). His works on typological theory include Where have all the Adjectives Gone? and other Essays in Semantics and Syntax (1982) and Ergativity (1994). The Rise and Fall of Languages (1997) expounded a punctuated equilibrium model for language development; this is the basis for his detailed...
