

Electric Transmission Hand-Book (Classic Reprint)

By F B Badt

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Electric Transmission Hand-Book This little book belongs to the Hand-Book series, which has been received with favor during the last few years. The success which attended the publication of these unpretentious volumes and the large number of inquiries from owners of water and steam power and other capitalists, as well as from agents of hydraulic and electric power companies, engineers of power transmission stations, motor inspectors and other persons interested in power transmission, induced the author to prepare this new hand-book. As usual the author has endeavored to avoid as much as possible the use of scientific terms and has employed only simple algebraic formulae.
