

Power Plug-In: Global Investments for Our Energy Future (Hardback)

By Gordon Ettie

Energy Scienomic, Inc., United States, 2011. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Power Plug-In: Global Investments for Our Energy Future and Solutions to Our Energy Dilemma is a daring and controversial book which takes a very cold clear look at the impact current energy sources have had on our world and offers educated analysis and recommendations for future investment in global energy development and research. Energy dependence is destroying our world. That s the problem. Energy independence can save it. That s the solution. How to construct the global bridge between these two seemingly distant and unreachable points and how to make the best investment decisions to ensure the continuation of the flow of energy are the dual goals of this book. Consider the traditional sources of energy-coal, oil, nuclear, gas, and their centuries of influence on the global village and its societies. Each of these has brought enormous wealth and technological development but at a tremendous cost-the erosion of the substructure of the very world we are trying to improve. The big question is, can we as a world society continue to grow and develop using the energy sources currently available to...
