

Rod Fogg: The Electric Guitar Handbook (Mixed media product)

By Rod Fogg

Hal Leonard Corporation, United States, 2010. Mixed media product. Condition: New. Language: English . Brand New Book. The Electric Guitar Handbook is the latest entry in Backbeat's best-selling handbook series, combining a two-part book and an audio CD in a practical fold-flat binding for ease of reference when playing. Part one of the book examines how different types of electric guitars are made, and why varying construction methods influence the way guitars sound. It also looks at the role of various pieces of guitar hardware, and how they influence sound, including pick-ups, tremolo set-ups and bridges. Part two is a comprehensive, user-friendly course in playing the electric guitar, from the basics of posture and hand positioning, to music and tab reading and advanced performance. Newly-written exercises - presented in the book and also on the accompanying CD - take the learner through each step in the process, covering styles including rock, country, blues, soul/funk, indie/alternative and metal. Author Rod Fogg also offers practical advice on everything from simple scales to complex chords, alongside short features introducing key performers and styles.
