Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.It begins in 1918 with a little volume under the harmless title *Studies in Milton* by S. B. Liljegren. The Swedish scholar brings in two heavy charges against Milton. First that he has consciously lied in his *Areopagitica* by saying that he visited Galileo Galilei in Florence, - and secondly that he committed a disgusting piece of forgery by having an unworthy, prayer inserted in the *Eikon Basilike*, the spiritual legacy of Charles the First, and holding up this very prayer to cynical derision in his *Eikonoklastes*. In order to make these disreputable facts credible, the book began with a long introduction tending to show that Milton's character was a great deal more dishonest and insincere than Masson had maintained. To Prof. Liljegren Milton is an extreme type of Renaissance-individualism, a Machiavelli in Puritan disguise, whose pride was fostered by his Calvinistic feeling of predestination. XVIII); a poet whose force of inspiration was supplied by the passions of himself and his surroundings (p. XXXIX). Such a characterization was evidently something more than emphasizing Milton's disagreeable qualities already known. Yet the facts upon which this description was based were not newly discovered. Only, earlier critics had put a more lenient interpretation upon these facts. Indeed, the strong expressions of ambition, arrayed by Liljegren on p. XX ss. can be explained by a to some extent justified feeling of superiority. And his unjust onslaughts on his adversaries can be...
