Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

Cambium Press,U.S., United States, 2001. Paperback. Condition: New. Language: English . Brand New Book. Managing the transition from amateur to production cabinetmaking An amateur cabinetmaker, no matter how skillful, runs into a whole new set of problems when he or she takes on a large project-building all the cabinets for a kitchen or a study, for example-or ventures into cabinetmaking as a commercial venture. For these larger production projects, the issues of accurate and consistent measurement, standardization, efficiency, and procedure become crucial. This practical manual explains how to keep the work flowing and how to keep the quality high in a custom cabinet shop.
