Createspace, United States, 2014. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.The purpose of this text is to reveal that an exact, central science of emotions exists based on a recently designed periodic table of the emotional elements that classifies all known emotions into 25 columns that simulate 25 cortical columns; mapping the general organized operational architecture. Titled the Columnar Listing for Understanding Emotions (CLUE)-brain evolves as a higher order of thinking; a progressive behavior educational system to achieve total psychological balance. The CLUE maps the cyclic functional connectivity between 17-25 cortical columns of 17-25 elemental core-actions that evolve(d) 17-25 elemental core-emotions. With children/ancestors acquiring self-consciousness, 17 core-emotions expand(ed) to 25. Serving all ages, this text includes chapters 1-3 for youngsters, chapters 4-13 for students/adults, and chapters 14-15 for research scientists. Both the CLUE abstract (248 words), and manuscript (15,375 words) are included within chapters 14-15. The CLUE-brain reveals the phylogenetic evolution of mankind s emotions, analyzes the evolution of emotion s development through one s life-course, and teaches the unknown study of core-actions/core-emotions, as single units of emotional consciousness that manifest, non-stop our entire life; repeating every moment-to-moment, in our 4-step, core-emotions sequence of: 1. Any CLUE core-emotion (CE), 2. Sympathetic CE joy-sadness, 3. CE Self-esteem as pride/power-worthless/powerless, and, 4. CE harmony. This 4-step CE sequence evolved from 1. Any CLUE core-action, 2. Pleasure-pain, 3. Self-preservation, and 4. Homeostasis. In addition, this secret 4-step core-sequence, contains three basic, time-relevant/attention-contingent awakened processes: here-and-now, mechanical attention in typical evolving cycles, captured attention in anticipatory typical evolving cycles, and directed attention by conscious will when upgrading typical evolving cycles. By knowing the 25 core-emotions, the 4-step sequence, and the three types of cycles; any knowledgeable third grader with a CLUE chart,...
