Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.With millions of entrepreneur books on the market, what makes 10 Guiding Principles of the Ethical Entrepreneur any different? The majority of these books are filled with get-rich-quick, and make-money-fast schemes. However, this book doesn't embody either of those qualities. I'll teach you how to build and grow a business with honesty, integrity, and an unwavering focus on the client, not just the paycheck. The best part of 10 Guiding Principles of the Ethical Entrepreneur is that anyone can implement these core values into any business and personal relationship without any specialized training. Becoming an entrepreneur can be challenging yet very rewarding. Being an entrepreneur requires hard work, dedication, and sacrifice. When you get caught up in chasing the money, we forget about the reason why we wanted to be an entrepreneur in the first place—to serve others or to make a difference. While the following principles will not guarantee monetary success, they will help you develop an honest business.
