

The Work of Tagore (Classic Reprint) (Paperback)

By Edwin Herbert Lewis

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Work of Tagore The only time before this when I ventured to say anything in this presence was more than four years ago, when I spoke of Will Moody s treatment of the Promethean theme. Shortly afterward Sir Rabindranath and his son Ratindranath were our guests here. They dined with some of us, and afterwards listened with pleasure to Mr. Legler s paper on Whitman. Two years later their friend, Dr. J. C. Bose, eminent in electricity and in physiology, was here, and listened appreciatively to Dr. Johnson s paper on the physiological problem of life. All these names - Whitman, Moody, Tagore, and Bose - seem to bear on the central problem of democracy. We all feel that problem. I will try to state it in familiar but not political words. Is it the chief end of man to glorify God and enjoy Him for ever, or is it his chief end to subdue the earth and all that in it is?
