Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Theology of Unitarians The second difficulty to which I referred meets us when we attempt to make our definition of Unitarian theology a distinctive one. There is, I suppose, no body of Christians that does not contain many advanced thinkers. If, by some irresistible call, all those in the various Christian denominations, and outside of them, who hold views similar to those which Unitarians cherish as their own, should come forth, and range themselves under a common banner, great would be the multitude. These beliefs are found masquerading under strange names. Some of the treatises, for instance, on the doctrine of the Trinity put forth by one theologian and another of orthodox sects, are read by Unitarians with some surprise. When they have brushed away the obscurities that result from the use of technical phrases. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition.
