STRUGGLEBOOK: A LOGICAL SEARCH FOR THE TRUTH OF GOD

Booksurge Publishing, United States, 2008. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Strugglebook: A Logical Search for the Truth of GOD explores the probability for the existence of God based primarily on the logic derived from science. While it addresses issues applicable to theology, it is not a theological work. There are literally hundreds of books on this subject, most detailing a standard set of arguments. This book follows that pattern for the first part but then extends itself into a series of coalescing arguments built on the latest science, all of which results in a unique presentation on the subject. Forming a conclusion respecting the reality of God on something as cold as logic is contrary to approaches generally considered acceptable to religious organizations that favor perhaps more ephemeral means based on redemption and faith. Those approaches based on other than logic have proven very successful for many individuals. That notwithstanding, the author is representative of that very large group of people who live in environments replete with corporate missions, budget building and spreadsheets, strength, weakness, opportunity and threat exercises, performance yields, compensation management, management by objective, measuring outcomes, and mini-MBA courses. The resulting objectivity built through vocation, results for many individuals, including the author, in a need to question the rationale behind faith and God. This book is the record of a search for the reality of God consistent with satisfying the needs dictated by the logic often demanded by the modern mind. Do world and personal events result in a questioning of your faith? Do you wonder about a God that could allow 9/11 or the deaths of tens of thousands in a cyclone? Have you watched as someone you love suffers, and as a...
