Date :2009-4-1. Children like that young seedlings. parents need to carefully cultivated. Seedlings growing conditions needed to be different. like willow to grow in the water next to the pine. but the same can be grown in the rock. As the growth environment and its own reasons. each child has a different personality. ability varies. Parents for their children only to find the personality development of the soil. in order to let the children grow! As parents. their children must have a clear understanding about their child's personality. then the child's personality to take a scientific and rational approach to education. Do not the child's strengths as a personality defect and abrasion away. as children will lose their spirituality. To learn how to correctly distinguish between the child's personality strengths and weaknesses. make the best use to train their children. so children have the courage and strength continue to improve themselves and enhance their personal strengths. improve weaknesses in the personality. out of their own success. Contents: 1 actively guide the curious...
