Human beings, from the moment they learn to imagine the future, develop a fear of death. Filled with fascinating information, case studies and practical exercises, this book is designed to help you learn how to face the inevitability of death and identify what is meaningful in the unfolding story of your own life, which will, after all, inevitably end. While the book is practical, it also has a distinct focus on spirituality and meaning-making. It does not assume that there is life after death, but helps the reader claim hisher own beliefs. Using the lens of world view, this provocative resource helps the reader understand what the end of life means for hisherself, and assists in appreciation of how people, even from the same family, can view death and life, from contrasting perspectives. In this sense, Dr. Yates hopes this book contributes to peace at the bedside of the dying. Dr. Yates writes from her experience as a survivor of cancer, a Pastor to the dying and a narrative researcher. The book can be read on its own or used in a group setting. This item ships from La Vergne,TN. Paperback.
