Brand New Book ***** Print on Demand *****.Popular People Skilled communicators always seem to know exactly what to say next. People are enthralled while listening to them speak. But if you take a moment to analyse what they've said, you'll realize it wasn't really anything special. It's definitely not anything people across the country will be quoting for years to come. However, it went over very well with everyone present. The skilled communicators' comments went over well not because they were genius, but because they followed the rules of conversation. Comments that follow the rules give people what they are expecting and seem like exactly the right thing to say. Why You Should Read This Book This book covers conversations in detail. You'll go through opening lines, entertaining others, building a relationship, arranging a second meeting, then saying goodbye. You'll know how to respond to any comment or question sent your way. People will assume you've always been an excellent communicator. Throughout this book, you'll find many examples of opening lines you can use to start a conversation and discussion topics you can use to keep a conversation going. But most importantly, you'll learn the skills to develop your own opening lines and conversation topics. Learn the Right Habits to Make a Great Impression You'll learn the good communication habits that make others think of you as an excellent communicator. Those habits are in fact things that everyone expects each other to do. Many people, however, fall short on those expectations. While reviewing these habits, you'll recognize how they make conversations more pleasurable for everyone. You'll also recognize many of...
