## Computer, Communication Electrical Technology: Proceedings of the International Conference on Advancement of Computer Communication and Electrical Technology (ACCET-2016), West Bengal, India, 21-22 October 2016 (Hardback)

By -

Taylor Francis Ltd, United Kingdom, 2017. Hardback. Condition: New. Language: English . Brand New Book. The First International Conference on Advancement of Computer, Communication and Electrical Technology focuses on key technologies and recent progress in computer vision, information technology applications, VLSI, signal processing, power electronics drives, and application of sensors transducers, etc. Topics in this conference include: Computer Science This conference encompassed relevant topics in computer science such as computer vision intelligent system, networking theory, and application of information technology. Communication Engineering To enhance the theory technology of communication engineering, ACCET 2016 highlighted the state-of-the-art research work in the field of VLSI, optical communication, and signal processing of various data formatting. Research work in the field of microwave engineering, cognitive radio and networks are also included. Electrical Technology The state-of-the-art research topic in the field of electrical instrumentation engineering is included in this conference such as power system stability protection, non-conventional energy resources, electrical drives, and biomedical engineering. Research work in the area of optimization and application in control, measurement instrumentation are included as well.
